RAISE A GLASS (OR TEACUP) TO EXCITING HAPPENINGS AT VININGS JUBILEE!

TeaFuse and The Grape Opening this Month

ATLANTA – Vinings Jubilee is celebrating spring with two thirst-quenching openings in April! TeaFuse, a comfortable and contemporary tea house, is opening at Vinings Jubilee later this month and will be serving more than 50 varieties of tea, three coffees and light bites. For those who prefer something a little stronger, The Grape is set to re-open this Wednesday, April 21 with a new bistro dining room, a new menu, and a full bar, in addition to its renowned and extensive wine selection.

“We’re thrilled that TeaFuse is joining the Vinings Jubilee family and couldn’t be happier about the new changes at The Grape,” says Mike Hammer, President of Paces Holdings. “There’s definitely a lot to celebrate at Vinings Jubilee!”

TeaFuse, Vinings’ first teahouse, is a dream come true for Owner Kendall Harper, who grew up drinking tea with her grandmother. In addition to the standard varieties of tea, TeaFuse offers different flavor variations, herbal teas and a few of Harper’s own creative offerings. Guests can choose different treatments for the teas, including two featured iced teas of the day, bubble tea – which is similar to a latte, or sample concoctions like the “Mo-tea-to,” which starts with mottled sugar and lime, infused with cold mint tea instead of liquor. TeaFuse also offers private Tea Parties, where hosts can choose from a variety of menu options including several different kinds of tea and nibbles including finger sandwiches, savory tarts, assorted scones and pastries, and more. Tea ware and gift items will also be available for purchase.

If tea parties aren’t your style, pop the cork and say cheers! The Grape is re-opening in Vinings Jubilee after more than just a facelift. Recent renovations made to The Grape led by acclaimed Atlanta designers ai3, feature updates to the main dining room and bar, and the addition of a new private dining area. Executive Chef Paul Agnelli has created a new menu of bistro fare including appetizers, share plates, entrees and tempting desserts. Everything on the menu can be paired with a selection from The Grape’s impressive wine list, created by Master Sommelier Jay James. Cocktails and beer will also be available, with the addition of the new full bar.
